

24th ROAD PAVEMENTS FORUM

CSIR International Convention Centre
6-7 November 2012

Resolutions

Resolution #1

- RPF to form a task team led by Dave Rose
 - to create a common understanding of the impacts of current legislation on borrow pit approvals/usage amongst all public and private sector stakeholders operating in road delivery
 - to raise the concerns of the roads industry with DMR and DEA and to identify and agree on appropriate approaches to enable road authorities to fulfil their mandates

Resolution #2

- That the RPF is in agreement with the structure of the Bitumen Specification task teams as presented by Dennis Rossmann

Resolution #3

- That we, as members of the RPF and suppliers of quality assurance based services to SANRAL, are committed and will strive to uplift the Quality Threshold of 50% as currently defined by SANRAL to 60% by 1 January 2014

Resolution #4

- That we, as members of the RPF, commit to provide feedback and add value to SAPEM within two months after release of the draft document, especially with the view that the document could also be used for mentorship within our organisations

Resolution #5

- That we, as sponsors of the RPF, identify the need to get better clarity on future investments in road-related infrastructure, and acknowledge that feedback should be provided at the next meeting of the RPF

Next Meeting

- Dates
 - 7/8 May 2012
- Venue
 - Western Cape
