

21th ROAD PAVEMENTS FORUM

Villa Via Hotel, Gordon's Bay

10-11 May 2011

Resolutions

Resolution #1

- The RPF recognises the need to review the roads industry procurement systems
- The sponsors will request the RCB to establish a task team to explore alternative procurement approaches for the roads sector and to provide feedback at the next meeting of the RPF

Resolution #2

- The RPF identified the need for
 - Information on predicted road material usage based on expenditure forecasts for the road sector, to be used as a planning tool
 - Better communication on road material availability (e.g. advance notice of refinery shutdowns)

Resolution #3

- The RPF supports the initiative that engages the DOE to classify bitumen as a strategic resource and that it be regulated

Resolution #4

- That the Labour Enhanced Construction guidelines of GPDRT be finalised by inclusion of the outstanding ASPASA component and be made available to industry

Resolutions #5

- That the RPF website (www.csir.co.za/RPF) provides guidance and links to all industry documents

Next Meeting

- Dates
 - 8/9 November 2011
- Where
 - CSIR International Convention Centre, Pretoria
